NEGRO PREFERRED CHARGES AGAINST CONSTABLE WATTS

Claims That After His Arrest Officers Unlawfully Broke Open and Searched His Shanty.—Officers Deny that the Door Was Forced.

Constable F. L. Watts was arrested early this morning by Constable Hamilton of Belle Vernon on a warrant issued by Squire Bell, of that city, charged with larceny, on information furnished by "Shorty" Lee, the negro who was arrested yesterday by Constable Watts and several of the state police.

Constable Watts appeared before Squire Shuster of this city and gave bail in the sum of $200 for his appearance at court

Last night the negro Lee was given a hearing before Squire Watkins on the charge which had been preferred against him by Constable Watts. He was held for court in the sum of $500 bail. Lee was arrested at a local saloon yesterday and he claimed that the officers had broken open his shanty later and had taken out a gun and a knife. The officers admitted that they had searched Lee's shanty for evidence of his being a bad character, but that the door was not forced as it was standing open when they arrived.

Lee's attorney asked that the officers produce the weapons at last night's hearing, but none of them seemed to know where the articles were. The suit against Watts resulted

The general opinion is that the negro adopted this method of causing Watts a little trouble for the purpose of revenge but it may prove an expensive proposition as unless he can sustain the charge he will be held for the costs Lee could not furnish bail and he was taken to jail at Greensburg on the 7.45 train.

ENTERTAINED MACCABEES.

Mr and Mrs George Graul entertained a large number of the members of the Lady Maccabees at their Schoonmaker avenue residence last evening. The object of the meeting was to practice the Maccabee drill. The "bear dance" had to be omitted however, owing to several of the principal characters being unable to be present.

Later dancing was indulged in and thoroughly enjoyed. Mrs. Graul furnished the music in a very pleasing manner. An elegant luncheon was served which included all the delicacies of the season. At a late hour the guests departed for their homes wishing their host and hostess many happy returns for a most pleasant evening.

PIANOS SELLING FAST

The Big Cut in Prices and Easy Terms Bring the Results

SOME RARE BARGAINS

W. F. Frederick, 544 Donner Avenue.

Our recent announcement in the Daily Independent that we would close out our entire Monessen stock at cost has brought us quick results. Many musicians and close buyers have taken advantage of our very unusual offer and bought now instead of later in the season. Most of these pianos are brand new, but show slight shopwear. If this is not objectionable, then indeed this is the time for you to buy and save $125 to $200.

These great reductions in prices do not apply to the stock just now arriving from the factories, but every other instrument—piano or organ—will go at once, our prices being made so low and terms so reasonable that they practically sell themselves.

Anyone thinking of buying a piano this fall or at Christmas time will find that they can save about half their piano money by buying now. Why not come out and see if there is something in this stock that will suit you. We shall be glad to talk it over with you.

W. F. FREDERICK.

The Busiest Street in the World.

West street in New York presents a network of piers and docks for its whole length. Most of the great steamship and railway transportation companies have their pier terminals there, and other steamship companies have built their terminals on the New Jersey shore opposite, so that all transatlantic and a large share of the continental travelers must cross West street in coming to or leaving the city. When one considers the great number of short trip travelers, including commuters, who daily make their way in and out of the metropolis across this busy thoroughfare a faint idea of its importance may be gained. REFORMERS NO MORE

Men Who Wanted Berry Elected to "Lift the Lid" Now Under Cover.

JAIL GATES AJAR FOR SOME

Emery Gubernatorial Movement Loses Some "Heavy Contributors" and Hot Campaign Orators.

[Special Correspondence.]

Philadelphia September 11.

A severe blow was given to the men engaged in the campaign of false pretense which has been waged against the Republican party in Pennsylvania for the last few years by the revelations growing out of the disastrous failure of the Real Estate Trust company of this city.

It has developed that some of the heaviest contributors to the campaign funds that have been used to defeat Republican nominees and to promote the so-called cause of "civic righteousness" have been criminally responsible for the failure of this trust company some of them have actually looted the institution, and there is reason to believe that part of the funds belonging to the depositors which were thus stolen were turned over as subscriptions to the Lincoln and the City Party treasurers.

During the recent political revolution in this city, members of the board of directors of this trust company were the most blatant orators among the "reformers."

They misrepresented the condition of the state treasury and would have every one believe that the commonwealth of Pennsylvania and the city of Philadelphia were being robbed right and left, that the taxpayers' money was being squandered, and that "the lid" must be lifted at Harrisburg so that all the rascality which they alleged existed in the management of the state treasury could be exposed forthwith.

And Berry "Lifted the Lid."

They demanded the election of William H. Berry, a Democrat, to the state treasury, just as prior to the closing of the trust company, they were insisting upon the election of Lewis Emery, Jr., to the governorship, along with his three Bryanite Democratic colleagues, who make up the state ticket.

These "reform" leaders believed that they could continue to fool the people despite the fact that Berry was elected state treasurer and Berry had "lifted the lid" at Harrisburg.

In the lifting of "the lid" Berry showed that the so-called reformers lied when they said the state treasury had been mismanaged and that the funds of the people had not been safeguarded under Republican rule.

Berry has been in office since the first Monday in May last, and his official reports as to what he discovered regarding the finances of the state are the best testimonials that can be presented regarding the Republican administration of the affairs of the state treasury.

When Mr Berry took the oath of office he receipted for the money in the treasury and he made public the fact that he found on hand $14,000,000.

Every penny of the people's money was found and accounted for in the state treasury, and Berry and his co-campaigners in the recent political battles in this state have been silenced upon that issue.

At no time within the history of the commonwealth have the finances of the state been in such good shape. At the end of the fiscal year, November 30, 1905, there was a balance in the sinking fund of $3,600,675 60, and in the general fund $8,927,950.79, making a total of $12,528,526 39. The total outstanding indebtedness on that date was $4,181,867.02. Deducting from this the assets of the sinking fund, the net state debt is found to be $122 958 09, considerably less than two cents per capita.

No other state in the union can make such a splendid showing.

But the Real Estate Trust company's directors, who so loudly demanded the election of Berry as state treasurer and who, until the crash came, were just as insistent upon the election of Emery to the governorship, have been removed from the political arena.

One of them, the president of the company, a pronounced Lincoln party man, blew out his brains when he found that discovery of his hypocrisy and iniquity was inevitable.

Others of his board of directors have been summoned to reveal the details of a damnable conspiracy through which the trust company was looted of over $7,000,000.

Some of them may yet find themselves before the criminal courts to answer to an enraged people.

John H Converse, upon whose name so many depositors banked so largely, owing to his connections with religious and reform organizations, has disclaimed any knowledge of the criminal conduct of officials of the trust company. He has not, however, succeeded in satisfying the people who lost their money that he was loyal to their interests. Instead of protecting their deposits, he was engaged in promoting so-called reform campaigns, espousing the cause of men like Berry and Emery, serving on the "advisory board" of Mayor Weaver, sending big checks to the City Party campaign fund, attending their meetings, denouncing public officials and invariably making Republicans the objects of his attacks.

Another of these directors of this trust company, J Bayard Henry, has been a conspicuous member of the Lincoln party. He was proposed for the nomination of lieutenant governor, but when the Democrats demanded this place he was slated for the Lincoln Party nomination for the state senate. It is needless to say that Mr Henry will not run for state senator this year.

When the sensational charges were being made against Republican officials there was none more vicious, none more vindictive among the Lincoln Party leaders than Mr Henry. He demanded the election of Berry and was to have taken the stump for Emery, but he and other members of his board of directors will be missed from the list of Emery spellbinders.

Stuart Meets the Issue.

The speech of Edwin S Stuart, the Republican nominee for governor, at the meeting in Lehigh county on Saturday last, in which he demanded that greater protection shall be given depositors in banks and trust companies, has been widely and favorably commented upon. He declared that in the event of his election to the governorship he will urge the legislature to revise the state bank laws, to increase the number of examiners so that there shall be more frequent and thorough investigations of the condition of banking institutions, and that in order that this shall not be an additional burden upon the general taxpayers, he advocated a special tax upon the capital of such banking institutions, to meet the expense of these additional examiners and examinations.

Turkey's Way of Raising Revenue.

The land in all Turkey and her dependencies belongs to the reigning sultan and is only occupied at his will. It is divided among those who wish to cultivate it at a nominal rental of one-fifth of the produce, which goes directly to the crown. Three fifths more are taken from the lessee on other pretexts, all for the maintenance of the government, the pasha in each district having the authority to lease the ground and collect the taxes, which may be in kind or money. If crops are short, they take four-fifths of all the man has in animals and even in household utensils, sometimes all his possessions, to make up the deficiency which Providence has withheld. Everything that can produce, be it a tree, beast, fowl, worm or the labor of a man and his family, is subject to the four-fifths tax. Those who toil at any labor or trade other than agriculture are taxed also pro rata according to their wages and must pay or go to prison.—Pearson's Weekly.

How to Remove a Corn; Try It.

Expose the corn and pass the finger tips of your right hand over it slowly and caressingly, at the same time sending a vibration from the brain to the corn. If it is a soft corn 413 vibrations per second will suffice; if a hard corn, put on a forced draft. Repeat slowly, "I am now sending a current of thought force into my corn and so separating, deducing, disintegrating, rendering, splitting, sundering, splintering, snipping, dwellicating, whittling, dispersing, dislocating, eliding, divorcing, pulverizing, slashing, slicing and dissecting it that presently it will pass away. Repeat it three times; then, with rising inflection, "Avaunt, avaunt, avaunt!" Finish by repeating the password: "The universe is mine. I am it." The corn will at first look extremely surprised, then wilt and fade beautifully from sight.—New Thought.

A Nice Distinction.

A well known Atlantan has a wife with a sharp tongue. Jones had come home about 2 in the morning rather the worse off for a few highballs. As soon as he opened the door his wife, who was waiting for him in the accustomed place at the top of the stairs, where she could watch his uncertain ascent, started upbraiding him for his conduct. Jones went to bed and when he was almost asleep could hear her still scolding him unmercifully. He dropped off to sleep and awoke after a couple of hours, only to hear his wife remark, "I hope all the women don't have to put up with such conduct as this." "Annie," said Jones, "are you talking again or yet?"—Kansas City Star.

Great Combination.

Mistaken.

Didn't Belong to Colorado.

In the early days of Leadville there was a singular character living by the name of Major Martin McGinnis. The major was the important man of the camp, and when any distinguished parties came to the city they were received by Major Martin McGinnis and presented with the freedom of the camp on a gold plate. The French government sent three mining engineers over to examine and to report upon the mineral deposits of this locality. They were received by Major Martin McGinnis, who put them in carriages and took them around the camp. As they were going up California gulch the Frenchmen suddenly jumped out of the carriage and commenced to hammer and chisel upon a large black boulder that lay alongside the road. The major watched them gesticulating to one another, and he finally said to the interpreter: "What do they mean? What are they talking about?" The interpreter said, "They say that rock don't belong here." The major said: "The deuce it don't! You say to those foreigners that I won't stand for them coming over here and running down our country. Tell them that they can find anything anywhere in Colorado."

The Frenchmen were right, however, for this black rock was a meteor and had fallen from the skies.—Leadville Herald-Democrat.

The First Bathing Machine.

There does not seem to be much doubt that the first bathing machine was seen at Margate and that it was the invention of a worthy Quaker named Beale, who placed his hopeful invention on the Margate beach in 1750. "The public are obliged to Benjamin Beale, one of the people called Quakers, for the invention," writes the author of "A Short Description of the Isle of Thanet," published in 1796. But it was the old story, the public became grateful after the inventor had been ruined by his enterprise. His successors had reaped the harvest. Old Benjamin Beale's widow could remember in her last days the first family that ever resorted to Margate for the purpose of bathing being carried into the sea in a covered cart. In 1803 Beale's machines were one of the institutions of Margate. It was alarmingly claimed for them that "they may be driven to any depth into the sea by careful guides."—T. P.'s London Weekly.

Rheumatism is not incurable. Stubborn? Yes! But Dr. Shoop's Rheumatic Remedy will if faithfully used drive it out of the system. Its the blood that's at fault. Poisonous crystals like sand get into the joints and muscles. Dr. Shoop's Rheumatic Remedy prevents this. It drives Rheumatism from the blood and then Rheumatism dies. We recommend and sell it. For sale by all druggists.

If You Suffer with Rheumatism

Dr. Shoop's Rheumatic Remedy Will Bring the Utmost Relief that Medicine Can.

The one remedy which many physicians rely upon to free the system of the Rheumatic Poisons which are the cause of all Rheumatism, Lumbago, Sciatica, Gout, is DR. SHOOP'S RHEUMATIC REMEDY. Dr. Shoop spent twenty years in experimenting before he discovered the combined chemicals which made possible one almost always certain cure for Rheumatism, etc. Not that DR. SHOOP'S RHEUMATIC REMEDY can turn bony joints into flesh again—that is impossible. But it can and will drive from the blood the poisons which cause the pain and swelling. And then that is the end of the pain and swelling—the end of Rheumatism. This remedy never fails where a cure is possible. It is now put up in tablet or liquid form—ask for either. You who have suffered and are suffering today from pains and aches which you know to be Rheumatism; you who experience lameness or twinges of pain in damp weather; you who easily become stiff and lame without apparent cause—just try DR. SHOOP'S RHEUMATIC CURE. It is just the kind of a remedy that accomplishes results. Sold and recommended by

HAPPY WOMEN.

Wouldn't any woman be happy,
After years of backache suffering,
Days of misery, nights of unrest,
The distress of urinary troubles,
To find relief and cure?
No reason why any reader
Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.
